Objective

Frontend Developer with experience building responsive web applications using HTML5, CSS3, JavaScript, and Bootstrap. Passionate about creating clean, user-friendly interfaces and deploying projects with Git and GitHub.

Technical Skills

- Language: HTML, CSS, JavaScript, React.
- Framework: Bootstrap.
- Tools: Git & GitHub, VS Code.
- Concepts: responsive design, mobile-first design, UI implementation.

Project experience

Hotel Website | HTML5, CSS3, JavaScript, Bootstrap

- Built a responsive hotel website with an image slideshow and intuitive navigation.
- Designed UI components and optimized layouts for cross-browser compatibility.
- Deployed the project using GitHub pages and managed the code with Git & GitHub.

Men's Tailoring Website | HTML5, CSS3, JavaScript, Bootstrap

- Developed a responsive tailoring website featuring product showcases, look-book, service pages, and a contact form.
- Implemented interactive UI components, including image sliders and responsive navigation using JavaScript.
- Optimized the website for mobile devices and deployed it using GitHub Pages.

Modern Shawarma Website | HTML5, CSS3, JavaScript, Bootstrap

- Developed a responsive restaurant website featuring a digital menu and customer contact section.
- Applied mobile-first design principles to ensure consistent performance across devices.
- Structured the code-base for maintainability and version-controlled the project with Git.

Personal Portfolio Website | HTML5, CSS3, JavaScript

- Designed and developed a personal portfolio to showcase projects, technical skills, and contact information.
- Implemented responsive layouts, smooth animations, and optimized performance.
- Published the website using GitHub Pages to provide recruiters with access to live projects.

Certification

Diploma in Web Development, Basic Digital Literacy Training , NYSC, B.sc.
